

HAND DRAWN TRACK

## AP SAFETRACK

A special developed range of anti ligature accessories (AP Safetrack) fulfills the requirements of new standards. AP SafeTrack is developed for installation in public, private, and psychiatric hospital areas. SafeTrack is recommended for all kinds of installations with ceiling suspensions and wall brackets.

To avoid any self harm or in extreme cases, loss of life, the Aluproff SafeTrack is designed to release from its fixation points (brackets & suspensions) at an average pull of approx. 20 kg.

SafeTrack (pat.pend) has been tested and certified by the Danish Technological Institute.
